GLADIOLUS

for 1943

W. W. WOOD
RUDOLPH, O

As I have done for a good many years past, I present for 1943 a list of the better known varieties of Gladiolus; here also are listed many of the better new introductions, and some of the highly advertised varieties; many of the latter have not yet been thoroughly established as to their true value.

All of the bulbs offered in this list are home grown from bulblets or year old stock. Bulbs are grown on rich brown sand, properly fertilized to produce fine bulbs with all of their "pep" ahead of them. No bulbs have been forced for exhibition bloom.

The money saved by an inexpensive list of this sort is passed on to the buyer, and it means more bulbs in the average order. Also, note that bulbs are offered in dozen lots instead of the usual ten. Every grower offers extras as an inducement to buyers. I promise nothing, but so far as I know, no customer was ever dissatisfied with what his money got from me.

The bulbs will be shipped to you when wanted, weather permitting, by safe parcel post delivery. Order now, and include your money with your order; or you may order and have your bulbs shipped C. O. D.

In addition to the varieties listed I have about fifty other kinds in small quantities; if you are interested in varieties not listed, write me your wants. My prices on these will be no higher, and often lower, than the average. I can also supply bulblets in many of these varieties at prevailing prices.

PRICE LIST

	Per	Large	Medium	Small
ALADDIN Marvelous huge ruffled salmon	2	15¢	10¢

JOIN THE OHIO STATE GLADIOLUS SOCIETY

Membership in the Ohio State Gladiolus Society will cost you \$1.00 a year; you will receive four quarterly Bulletins with all kinds of information pertaining to gladiolus growing. Add another \$1.15 to this, a total sum of \$2.15, and you will receive in addition, a \$2.00 affiliate membership in the New England Gladiolus Society with a Year book and three quarterlies. In other words for \$2.15, you will receive \$3.00 in memberships, seven Bulletins and a Year book, full of information concerning your favorite flower. The New England membership can be secured at this price only through your state society. Send money, check or money order to me, or to the Ohio State Gladiolus Society, Rudolph, Ohio. If you wish, you may add the membership sum to any order sent to me; if the membership is NEW, I'll add bulbs in proportion to your regular order.

The image shows a close-up of a book's endpaper or cover. It features a repeating pattern of small, stylized floral or star-like motifs arranged in horizontal rows. The pattern is printed in a dark color on a light, textured background. The motifs are arranged in a way that creates a sense of depth and perspective, with the rows appearing to recede into the distance. The overall effect is a decorative and textured surface.
